Simply put, a **synchrotron** is an extremely powerful source of X-rays. The X-rays are produced by high energy electrons as they circulate around the **synchrotron**. ... A **synchrotron** machine exists to accelerate electrons to extremely high energy and then make them change direction periodically.

We'll take you on a 1 hour tour of the Canadian Light Source (synchrotron) at the University of Saskatchewan, then bus you to the Rayner Dairy Research and Teaching Facility on campus where the Poultry Extension department will guide you through the dairy and briefly present current poultry research.

We'll finish the day off with lunch at Boffins (on campus), and hopefully you'll have time to wander the public gardens until the bus arrives!

Golf - Greenbryre Golf and Country Club, - 8:00 a.m. - 2:00 p.m.

It all started with a wheat field!

The Semko family owned this rolling wheat field, and the terrain was so suited for a golf course that they could envision each hole. They began planting trees and irrigating, and in 1979, Greenbryre Golf & Country Club was born. It quickly gained exposure by hosting a celebrity golf challenge in 1980 that brought Gordie Howe, Jan Stephenson and Wayne Gretzky to Saskatoon.

Greenbryre Golf & Country Club is the centerpiece of Greenbryre Estates, Saskatoon's newest luxury housing development.

Golfers will play 12 holes at this course and enjoy a late lunch at the 12 Grill overlooking the south 1st tee and the south #6 green.

Monday Evening

The CFC Chair's Reception - 6:00 p.m. – 10:00 p.m.

When you cruise on the Prairie Lily you'll see the natural beauty of the Meewasin Valley, the welcoming of our downtown, the friendliness of River Landing and the personality of our living river.

Nutrien Playland/Children's Museum (Wonderhub) – Celebrate the magic of play at Nutrien Playland with three star attractions that delight children and adults alike.

Soar high above the city on the 20 meter high Ferris wheel or have a twirl on a bright and cheery carousel animal. Hop aboard for a whistle-stop tour on the Canpotex Train - a park favorite. This replica modern-day freight train rolls along a 626 meter loop through the park.

Follow the pathways around the park or run free in the play areas. Work the pumps, troughs and valves in the water area or tackle the log climber and double cable ride in the sand. With many beautiful trees and rocks in the natural play space, it's easy to forget you're in city centre. The play area is always open and there are no admission fees.

Spend a few hours at the BRAND NEW Nutrien Wonderhub. We have no idea what's in store at the Wonderhub (opening in June!) but we know it's gonna be awesome! We'll keep you posted!

Tuesday Evening - Dinner, Western Development Museum, Boomtown – 6:00 p.m. – 10:00

p.m. Saskatchewan boomed with economic activity from the turn of the century to 1914. Landseekers flooded the west and towns grew almost overnight. 1910 Boomtown, an indoor representation of a typical Saskatchewan town, recaptures the atmosphere and style of this bustling period. Over 30 buildings await!

We'll wine and dine on Boomtown while volunteers dressed in 1910 garb tell us stories of the past. Take the opportunity to visit the shops, check out the old

vehicles and don't forget to bring your camera!
